

RE: Docket # 02-278

I STRONGLY oppose the weakening of the do not call rules. I pay for my phone for my personal use and I feel I have the right to decide who is allowed to call. If I am interested in buying products and/or services I will shop for my own preferences. I oppose anyone using my phone to call for any reason to sell me any products unless I have requested that they do so.

Thank You

Evelyn S King
